

BUILT TO LAST

Monroe is part of the global [DRiV Incorporated](#), which was established in 2019 following Tenneco's separation into two independent, publicly traded companies. DRiV Incorporated has become one of the largest global multi-line, multi-brand aftermarket suppliers and one of the largest global original equipment (OE) ride performance and braking suppliers to aftermarket, light vehicle, and commercial vehicle customers.

In the original equipment market, DRiV is one of the world's largest ride performance businesses, developing, manufacturing and supplying leading global original equipment manufacturers with shock absorbers, struts, NVH performance materials and brake friction. In the aftermarket, DRiV has become one of the largest global suppliers of replacement parts. Its stable of well-respected, enduring brands includes Monroe, Champion, Öhlins, MOOG, Walker, Fel-Pro, Wagner, Ferodo, Rancho, Thrush, National, Sealed Power, Axios and others.

DRiV is a unique new business built from the combined strengths of Tenneco, Federal-Mogul and Öhlins - laser-focused on innovation, performance, brand development and customer service. The DRiV name is emblematic of what the new company is – a global leader in the aftermarket and original equipment businesses, driving advancements that help people get the most out of every vehicle, every ride, every race, and every journey.
